

Involved in the management and monitoring of various wildlife-related diseases and threats including: Lyme disease, West Nile Virus, rabies, tularemia, and botulism.

Responded to many Refuge-based fires and law enforcement incidents.

Served as the Fish and Wildlife Service's Field Response Coordinator for oil spills in the Delaware River/Bay Tri-State area.

Responded to dozens of spills to assess the impact to natural resources and to retrieve impacted waterfowl for rehabilitation at the Tri-State Bird Rescue and Research Center in Newark, Delaware.

During his long tenure in public service, Dick Nugent has demonstrated unflinching dedication, a high degree of loyalty, and a large measure of hard work. Dick will carry his strong spirit of public service, his respect for the natural world, and his concept of our duty to the environment into his retirement.

On the occasion of his retirement from government service, I commend Dick Nugent for his outstanding service. He is among Pennsylvania's finest, and I wish him well in the years ahead. Thank you Dick, you'll be missed.

THE 60TH ANNIVERSARY OF THE SAN DIEGO STATE UNIVERSITY INSTITUTE ON WORLD AFFAIRS

HON. SUSAN A. DAVIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2003

Mrs. DAVIS of California. Mr. Speaker, I rise today to salute the San Diego State University Institute of World Affairs on occasion of their 60th anniversary and in recognition of their continuing exemplary work. Rather than speak at great length about this fine organization, I'd like to submit for the RECORD the text of a resolution that I had the honor of presenting.

Whereas the San Diego State Institute on World Affairs is celebrating its 60th Anniversary; and

Whereas the Institute has gained the respect of the international community through its educational achievements and has greatly impacted its campus and community through its outstanding presentation and analysis of important world issues; and

Whereas the Institute has promoted international involvement and has been an active and prominent advocate of international awareness by bringing to California numerous highly respected ambassadors, Nobel Laureates, United Nations delegates, military and government officials, academics, journalists, scientists, business executives, and other noted experts on international issues; and

Whereas international issues have become increasingly important, and the knowledge of world affairs is vital to the success and security of our nation and of the international community; and

Whereas the successful efforts of the San Diego State University Institute on World Affairs have significantly and positively increased the growth of education, awareness, and information about international issues and world affairs; now therefore be it

Resolved, That Congresswoman Susan A. Davis of the 49th District of California congratulates the San Diego University Institute on World Affairs for sixty years of successfully educating the students, faculty, campus and community of San Diego State

University about international issues, world affairs, and their importance to our nation and for its diplomatic achievements as it continues to present highly respected individuals to the university.

TRIBUTE TO GENERAL MONTGOMERY C. MEIGS

HON. IKE SKELTON

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2003

Mr. SKELTON. Mr. Speaker, it has come to my attention that a long and exceptionally distinguished career has come to an end. General Montgomery C. Meigs' 36 years of service to the Nation has been marked by meritorious service in increasingly demanding command and staff positions, culminating as Commanding General, United States Army Europe and Seventh Army, Germany and Commander, Stabilization Force, Bosnia—Herzegovina. Throughout, General Meigs demonstrated strong and inspiring leadership, unsurpassed executive ability, and an untiring dedication to the spirit and mission of the United States Army.

General Meigs was commissioned from the United States Military Academy in 1967. He is a graduate of the University of Wisconsin, holding a Masters Degree and a Ph.D. in History. He is also a graduate of the Armor Officer Basic and Advanced Courses School, the United States Army Command and General Staff College, and the National War College.

General Meigs has served in command and staff positions over the last thirty-six years. He is a combat veteran of Vietnam, serving from July 1969 to June 1970 where he served as Commander, A Troop, 3d Squadron, 5th Cavalry, 1st Infantry Brigade, 5th Infantry Division and Squadron Maintenance Officer, Headquarters Troop, 3d Squadron, 5th Cavalry, 1st Infantry Brigade, 5th Infantry Division. He is also a combat veteran of Operations Desert Shield/Desert Storm from September 1990 to May 1991 where he served as Commander, 2d Brigade, 1st Armored Division.

His service includes staff assignments as Assistant Professor, History Department, United States Military Academy, West Point, New York; Chief, Strategic Applications Branch, Office of the Director for Strategic Plans and Policy, J-5, The Joint Staff, Washington, DC; Deputy Chief of Staff for Operations, United States Army Europe and Seventh Army, Germany; along with many other distinguished positions.

General Meigs' awards and decorations include the Defense Distinguished Service Medal, Distinguished Service Medal (with Oak Leaf Cluster), Defense Superior Service Medal, Legion of Merit (with Oak Leaf Cluster), Bronze Star Medal with "V" device, Bronze Star Medal (with Oak Leaf Cluster), Purple Heart, Meritorious Service Medal, Air Medals, Army Commendation Medal (with 2 Oak Leaf Clusters), Ranger Tab, and Joint Chiefs of Staff Identification Badge.

Throughout his career, General Montgomery C. Meigs has made significant contributions at every level assigned. In his final assignment, he brought to bear the accumulated experience and dedication of a career spent serving the nation and our soldiers. He has provided continuity for the Profession of Arms—integ-

rity, loyalty, dedication, mentorship, vision, and the willingness to take and stand behind the risks associated with implementing change in the Army. General Meigs' distinguished performance of duty will have far-reaching impacts on the future of the Army. I am certain that my colleagues will join me in wishing General Meigs and his wife, Mary Ann, all the best.

WOMEN'S HEART WEEK

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2003

Mr. HOLT. Mr. Speaker, I rise today in recognition of Women's Heart Week, February 1 through 7.

We have heard for years about the devastating impact that heart disease has on men's health. It is a lesser-known fact, however, that heart disease is the leading cause of death among women 35 and older, and while the mortality rate for men with cardiovascular disease has dropped, the rate for women is rising. In fact, in every year since 1984, heart disease has killed more women than men.

Unfortunately, far too many people are unaware of these grim statistics. So much focus has been placed on heart disease in men, it has received little attention in women. Too little emphasis has been placed on conducting research into cardiovascular disease specifically in women—despite the fact that there are physiological differences between men's and women's hearts. Many of the diagnostic tools used to detect cardiovascular disease were developed for men and are thus less effective in women. For example, one study showed that treadmill stress tests, used so frequently to diagnose heart disease, produce up to 35 percent misleading results in women. Furthermore, women get poorer treatment for cardiovascular problems—they are twice as likely to die after a heart attack, twice as likely to have a second heart attack within two weeks of the first, and more than twice as likely to die after coronary bypass surgery.

It is important not only that medical researchers focus more on gender disparities in heart health and treatment delivery, but also that more women become aware of the preventative steps they can take to prevent heart disease. Smoking cessation is crucial—27 percent of American women smoke, and smoking is the most controllable risk for heart disease. Equally disconcerting, 70 percent of American women do not exercise regularly, another major risk factor for cardiovascular illnesses.

That is why I am so proud to see that the Women's Heart Foundation is bringing attention to these issues with Women's Heart Week. On February 1, WHF, along with Robert Wood Johnson University Hospital in New Brunswick, NJ, will offer a free public program including blood pressure and cholesterol screenings, cooking demonstrations, and discussion panels. Throughout the rest of the week, further events will teach heart-healthy shopping and medication safety.

Mr. Speaker, I would like to ask that all of my colleagues here in the House encourage their constituents to participate in Women's Heart Week. Together, we can help raise

awareness of the silent killer that continues to take so many of our wives, sisters, mothers, and daughters.

DAVID B. HARRITY

HON. CHARLES F. BASS

OF NEW HAMPSHIRE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2003

Mr. BASS. Mr. Speaker, in 1965, David B. Harrity began his career with the Department of Housing and Urban Development (HUD) in Philadelphia, providing assistance to HUD's customers throughout Pennsylvania and southern New Jersey. In 1971, he became the first Low Rent Housing Specialist in New England, working in the Boston Regional Office with all six of the states' Housing Authorities. When HUD created the Executive Identification and Development Program in 1974, David was one of twenty-one individuals selected from a nationwide competition of more than 700 to participate in the Leadership Training. Following completion and receipt of a certificate from the Urban Executive Program of the Sloan Management School at the Massachusetts Institute of Technology, David was appointed Special Assistant to the Regional Administrator in 1975.

In 1978, David continued to serve the Department as the Director of Housing Development and Management of the Hartford, Connecticut, HUD Field Office. In this capacity, he led a team of staff professionals who worked closely with HUD customers, providing mortgage insurance, housing subsidies, and management oversight of housing. Responding to local need in 1988, David joined the Connecticut Department of Housing, where he administered HUD's Section 8 Existing Certificate and the Small Cities Community Development Block Grant Programs.

In October of 1992, HUD Secretary Jack Kemp appointed David as Manager of the Manchester office, where David brought his customer-oriented "can-do" attitude to assist customers and clients in New Hampshire, Maine, and Vermont. Despite the numerous reorganizations of the Department, his approach has always been to support and work with local officials to maximize HUD's program benefits for the 234 cities and towns in New Hampshire. Although the representative of a federal agency, David instilled in staff a willingness to accommodate local officials and administer HUD's programs in a manner best meeting local needs. An affirmation of his leadership skills is the recent Quality Management Review. Conducted by peers from HUD offices nationwide, the Review resulted in one of the highest overall ratings of any HUD office.

David's philosophy of giving to the community is reflected in his other activities. He is President of the Board of Directors of "The CareGivers, Inc.," a nonprofit organization whose mission is "helping the frail, elderly and disabled to maintain their independence and dignity." In addition, David is the past President of the NH Federal Executive Association as well as an "Ambassador" of the Greater Manchester Chamber of Commerce. Furthermore, he is a Class of 2000 graduate of "Leadership Manchester" a program administered by the Chamber to increase under-

standing, coordination, and cooperation amongst community leaders. Finally, David serves as a "Granite State Ambassador," greeting visitors at the NH Information Kiosks in both the airport and Downtown Manchester, and as a Board of Director of the Manchester Rotary Club.

ANTONE SOUZA: MAN OF THE YEAR

HON. BARNEY FRANK

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2003

Mr. FRANK of Massachusetts. Mr. Speaker, people who continue to believe that there is a conflict between historic preservation and economic development have obviously never been to New Bedford, Massachusetts. A few days ago I had both the honor and the pleasure of participating in the sixth annual public reading of Moby Dick, one of the great works in American literature, the opening pages of which are set in New Bedford. Our reading takes place at the Whaling Museum, which is one of the important features of the national Park which we established as a tribute to America's whaling history. Integrating respect for the cultural and aesthetic heritage of the 19th century with the economic demands of the 21st is a difficult job, but done right, is an extremely rewarding one for the people not just of New Bedford but of the entire region, and indeed of the state. No one has been more effective in working at this task than Antone Souza, which explains why the New Bedford Standard Times made him its Man of the Year for 2002.

I have myself benefited enormously from Tony Souza's tutelage in trying to help these efforts, and I invite all of my colleagues who do not understand how preservation of a city's heritage is not only not an obstacle to economic development but, properly understood, a strong engine for it, to visit us in New Bedford.

And an important part of any such visit should be time spent with Tony Souza, whose experience and expertise in this area so potentially valuable for so many parts of America is always available, because of his passion for what he does, and his generosity in sharing his experience.

Mr. Speaker, I want to join in congratulating Tony Souza on being made Man of the Year, and even more important, in thanking him for the enormous contributions he has made to New Bedford, and to our national heritage. And in accord with our rules about being clear as to any conflicts of interest that might potentially arise, I am proud to note that he is the husband of my Deputy District Director, Elsie Souza. Together they form an extraordinarily effective partnership in so many ways.

Mr. Speaker, so that Members can fully understand the important public policy implications of the thoughtful approach to preservation which we take in New Bedford, I ask that the New Bedford Standard Times article on Antone Souza be printed here.

SOUZA SYNONYMOUS WITH REVITALIZATION
(By Jack Spillane)

If Tony Souza's ideas were like footprints, those footprints could be seen throughout the city of New Bedford, and even into the surrounding towns.

From the restoration of the Zelterion Theatre to the renovation of the Grinnell Mansion on County Street, Mr. Souza has, for more than a quarter century, fought the battle to preserve the architectural gems of New Bedford's past.

The executive director of the Waterfront Historic Area League since 1996, Mr. Souza is the latest in a long line of city preservationists who have, over time, reinvented a downtown that was once considered the worst section of the city.

For his body of work, Mr. Souza is The Standard-Times New Bedford Man of the Year for 2002. Nominations came from the community and the newspaper staff, with a newsroom committee making the final selection.

It has been a rewarding labor for Mr. Souza.

"The first time I went in (the Zeiterion) after it was restored and I saw all the kids enjoying the live theater that none of us had the opportunity to view when we were growing up, I literally cried," he said.

Mr. Souza sees himself as far more than a preservationist; he says he's also an educator for the city's working-class children, regularly going into the schools to talk about architectural history.

Mr. Souza also sees historic preservation as a spark plug for the community's business growth.

He gives the example of the Star Store's restoration and conversion into a UMass-Dartmouth campus spurring shop and restaurant growth downtown.

"Historic preservation is economic development," he said.

The past year has been a particularly successful one for Mr. Souza and WHALE.

The nonprofit group, after struggling for many years, raised some \$600,000 and has stabilized the structure of the Corson Building, a key textile-era commercial structure in the middle of the National Park.

The most ambitious project in the past year was a private-public partnership with developer Hall-Keen LLC to save five abandoned downtown office buildings.

Urban planners believe one of the keys to reviving downtown is to restore residential housing. When professional residents live downtown, they says, the shops and restaurants follow.

WHALE won three prestigious awards this year, one of them from the National Trust for Historic Preservation for the best managed preservation organization in America.

"WHALE has always looked at projects that no one else can handle and assumes those projects for itself," said former Mayor John K. Bullard.

"This takes guts, intelligence and lots of support. That effort would not be happening, without Tony Souza's leadership.

TRIBUTE TO CAPTAIN MAUREEN A. ALLEN

HON. TERRY EVERETT

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2003

Mr. EVERETT. Mr. Speaker, it is with great pride that I rise to pay tribute today to a very special American and citizen of my congressional district in Alabama. Captain Maureen A. Allen of the United States Air Force Reserve.

Captain Allen is an Air Reserve Technician Evaluator Flight Nurse assigned to the 908th Aeromedical Evacuation Squadron located at Maxwell Air Force Base in Montgomery, Alabama.
